Paradiso New G7 1800 DD

The Paradiso New G7 line arrives bringing external and internal changes that raise the level of sophistication, comfort, safety and efficiency, transforming the models already recognized by the market. The Paradiso New G7 1800 DD features comfort and sophistication combined to meet the needs and exceed the expectations of passengers and drivers in medium and long distance lines, in both regular and tourism segments. The model can also be configured for two classes of services, raising the quality of the transport.
